PRACTICE CLUB

Want to work on the skills you learned in class? Practice Club is for students and professionals to train outside class time in a safe environment.

Are you already a student at the Hub? Talk to your trainer to find out if you are ready to join our Practice Club to do your own training in the space. For safety reasons, we can only allow students with a certain amount of experience to the open training.

To join the club, you must sign the Practice Club form, and pay for the membership of the choice.
